Regarding the control of the military in the premises of the Colony and pumping house at Bethamangala.

I have the honour to state that some of the military soldiers who are camping near Bethamangala and for whom we have arranged for water supply have been found to behave in a disorderly manner and a few cases of their misbehaviour have also been noticed. I note below a few instances in this connection

1. On the morning of 25-10-42 some soldiers were found to be getting ready for bathing near the waste weir shutters. It was with a considerable persuasion that they were sent back.

2. On the night of 25-10-42 four Indian Sepoys who accompanied the water lorry entered the house of one of the water supply staff by name Veerasamy and raised a hubbub. It was about 11 P.M. and by the time some of the colony people gathered the Sepoys drove away the lorry. The report of the Suboverseer who was present on the occasion is herein enclosed, when the several of the Soldiers have been found to be strolling aimlessly inside the colony premises at all odd hours.

3. It is also learnt the Police Sub-Inspector and constable were injured on 25-10-42 by the military. The Sub-Inspector who is a colony resident underwent treatment in the colony dispensary and later on removed to the Civil Hospital. The exact circumstances under which the injury received by the Sub-Inspector is not definitely known.

Under the circumstances explained above there is lot of scare in the colony and I request you to kindly take such action as you may deem fit. I feel in the interest of my colony and pump house it would be a great help if the military soldiers are prohibited from entering the colony premises. To such of those who have regular work with me I can issue special permit as this forms a protected area.

No further incidents have been reported.

Sir,

Subject: Assaults and Affrays.

With reference to the correspondence ending with your letter No. Pol. 1143 dated 30th November 1942 on the above subject, I write to state that during the interview with Brigadier Hawkes at Bethamangala on the 15th January 1943, it was agreed that the case relating to the assault by the troops on the police at Gannerahalli Village may be disposed of summarily by the Brigadier himself instead of referring the matter to a regular Court Martial as the latter procedure would entail great delay.

I herein enclose a copy of Deputy Commissioner's letter dated 3rd February 1943 received in this connection. In view of the assurance given by the Brigadier that all possible measures have been and will be taken against the recurrence of such disturbances, I request that sanction of Government may kindly be obtained in regard to the disposal of the case by summary procedure by the Military authorities themselves.

Subject:- Assaults and Affrays.

Sir,

I have the honour to state that the above subject was discussed at the meeting held on 15-1-43 in the Military Head quarters at Bethamangala. The case of the troops involved with the Police at Gannerahalli village is awaiting trial by Court Martial. The Brigadier explained in detail the difficulties coming in the way of trying the offenders by court Martial and that if he were permitted to try such cases summarily he would suitably punish them. It was further added that such procedure would result in the quick disposal of such cases.

I have no objection in this behalf as the Brigadier has assured that all possible measures have been and will be

be taken against the recurrence of such disturbance and that suitable purishment will be given by him to the Military offenders, if he is allowed to try such cases summarily.

In the circumstances, I request that Government may kindly be moved to agree to the Brigadier 51 Indian Infantry Brigade, Pethamangala trying the case summarily.
